Bestätigung

Wir bestätigen, dass unsere gebundene Schleifscheiben, Fiberschleifscheiben, Fächerschleifscheiben mit Glasgewebe-Unterteller und Korund-Schleifstiften gemäss den Sicherheitsanforderungen EN 12413 und 13743 gefertigt werden. Die

Hersteller von oben aufgeführten Produkten sind Mitglied der OSA. Deren Qualitätsmanagementsysteme erfüllen die Anforderungen der Norm DIN EN ISO 9001.

Confirmation

We confirm that our bonded abrasives, fibre sanding discs, Flap discs with fibre glass backing plate and grinding stones are produced according to the safety standards EN 12413 and 13743.

The manufacturers of the above mentioned products are member of OSA. Their quality management systems conform to the DIN EN ISO 9001 standards.

This also applies to the part numbers in the attached, stamped 7 pages.

бул. Черни връх 51 Б
1407 София

Фирма “Роберт Бош” ЕООД, представлявана от г-жа Бригите Ебле – Генерален Директор и упълномощен представител за България на производителя Robert Bosch GmbH, Германия и г-н Мартин Василев – Ръководител направление “Електроинструменти”,

ДЕКЛАРИРАМЕ, че нашите дискове за рязане и шлайфане, фиброшкурки и ламелни дискове отговарят на стандартите за сигурност EN 12413 и EN 13743.

Производителите на гореспоменатите продукти са въвели система за контрол на качеството по DIN EN ISO 9001 стандартите.

Това важи също и за продуктите с артикулни номера съдържащи се в приложените и подпечатани 7 (седем) страници.

Grinding Discs

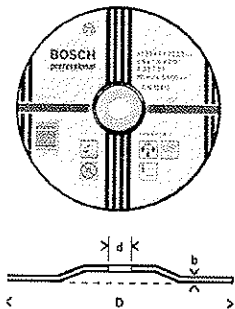

For angle grinders

The starting angle should be between 30° and 40°. If the workpiece to be machined requires a flatter starting angle for the angle grinder, the flap disc should be ground down from time to time to regain a consistent “grinding discs” on the grinding body.

Heavy-duty flap discs from Bosch have a wide range of applications including metal, wood, plastic and stone.

Grinding discs - metal

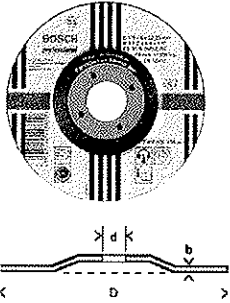

Suitable for use with hand-held angle grinders with max. 80 m/s circumferential speed (dependent on max. rpm and disc diameter).

Accessories for GWS 14.4 V

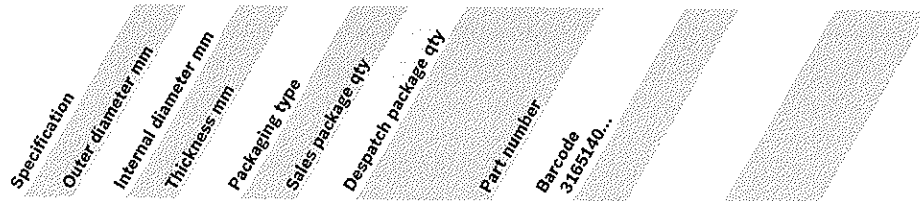

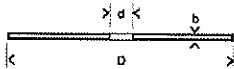

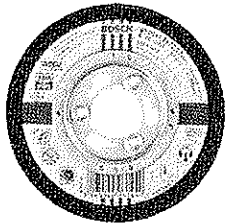

The complete range of accessories is optimised for use on the GWS 14.4V Professional Cordless Angle Grinder. This guarantees that you achieve the ideal power and run time with every tool.

With the Velcro-type fastening plate and sanding paper, sanding work on varnished surfaces can be carried out without any problems.

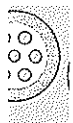

The new SDS system allows for tool-free sanding disc changes in seconds.
